Baby Builder™ provides a comprehensive and highly bioavailable blend of vitamins, minerals, and nutrients that are specific to the needs of pregnant and lactating women and the subsequent health of their child. In addition to the basic essential nutrients such as folic acid, iron, and DHA. Baby Builder™ features herbal and botanical blends including red raspberry, dandelion, and ginger which have long historical uses in traditional herbalism and midwifery. Specific botanicals and berries are also included to provide a broad spectrum of antioxidants to safeguard the special needs of pregnant women.

Baby Builder™ is specially formulated by Dr. Chad Larson and is shown to be:

- + Well tolerated and easily absorbed due to high potency and bioavailability of nutrients
- + A comprehensive source of nutrients to ensure wellbeing during pregnancy and healthy development of the baby
- + Formulated thoughtfully without the harmful additives, binders, and coatings found in other prenatal formulas
- + Features vitamin A in the form of a proprietary blend of carotenoids called Betadene because excess vitamin A in the form of retinol, palmitate, or acetate may be toxic and may increase the risk of birth defects.\*

Pure NKO™ (Neptune Krill Oil) is derived from Antarctic Krill, a zooplankton crustacean offering a naturally unique balance of omega-3 and omega-6 fatty acids, phospholipids and antioxidants, including vitamin A, vitamin E and astaxanthin.

Human research studies indicate the benefits of Pure NKO™ (Neptune Krill Oil) to include:

- + Support for menstrual comfort\*
- + Healthy cardiovascular function\*
- + Joint and skin health\*
- + Mental alertness and daily endurance\*

Neptune Krill Oil is a nutraceutical complex that has many novel and unusual benefits, according to Tina Sampalis, M.D., Ph.D., and vice president of research and business development for Neptune Technologies & Bioresources. "Extracted from Antarctic krill, it has been found to be 300 times greater in ORAC value than Vitamin A and Vitamin E, and over 48 times greater than that of standard omega-3 fish oil".

NKO™ is a trademark of Neptune Technologies & Bioresources, Inc. Québec, Canada.
